POTATO DAY

WEDNESDAY, OCTOBER 27

ELKS MINSTRELS NEXT ATTRACTION

Funniest Show Of the Season
At Grand Opera House,
October 28 and 29

A huge treat is in store for the Rhinelander public on Thursday and Friday nights next week Oct. 28-29. Charles A. Gaa representing Miller & Draper of New York City, under whose direction the show will be staged, is the last word in the production of the up-to-date minstrel show staged by the leading Elks lodges of this country.

Their equipment is the best that the art of the scenic painter and stage costumer can produce. Thousands of dollars are invested in their magnificent productions and the value of their shows is well known to Elks and their friends. Year after year they are staging the annual shows for the biggest lodges of the country, and this year Chicago, Minneapolis and St. Paul have taken the show.

No professional minstrel show can equal this one in the excellence of its scenery and costumes. With a color scheme that appeals to the artistic and aesthetic natures the grand first part replete with snappy music, side splitting gags, moving with the speed and smoothness of a perfect machine. The show lacks all the drawbacks of the usual amateur productions. There are no waits, in this show, no drags.

Several of the liveliest wires in the community are already "shooting" the peppery rag-time numbers in a manner to make Lew Dockstader and his associates grow pale with envy under their three layers of burnt cork. This is no "josh". The end men are simply eating the stuff up, and will tear loose with the snappiest line of stuff ever handed out to their friends.

We want to warn everybody in the audience that the usual precautions are to be observed. For example the

FOREST HIMES

Doing the Chicken Rag bass drummer has already requested that the gentlemen in the audience see that the buttons on their waist coats are securely sewed on, before coming to the performance, because he says that the bursting of said buttons in their paroxysms of glee seriously interfere with his getting in his drum beats at the right time.

With all due regard for the past we venture to state that this show will be the "doggondest" ever pulled off in "the good old burg". The handsomest, niftiest, most tuneful chorus ever collected will pour big "gobs" of melody over the foot lights in a manner to make the Metropolitan Grand Opera House Chorus look like a bunch of amateurs. They have a "selling platter in a handkerchief" some music. The latest successes straight from good old New York, are being mastered, and in an original manner.

The second part is of an excellence commensurate with that of the opening, and several high class acts are to be presented. It is the second part of a minstrel show that is the criterion by which such shows are to be judged. Miller & Draper have (Continued on page five)

CHILDHOOD TIME FOR REFORM WORK

Judge Reid Says Many Are
Criminals For Lack Of
Early Training

Judge A. H. Reid of this, the sixteenth judicial circuit, believes that childhood is the time for reform. From his point of view the world would be free from many criminals if they were only influenced along the right lines when young. In an address before the Wisconsin conference on charities and corrections, in Wausau, Judge Reid said:

"Incarceration in prisons and reformatories for the time being protects society from depredations; but with the average adult, who is criminal by habit or instinct, incarceration means little or nothing in the way of reformation."

"From my observations in my official duties, and with some study of human nature and psychology, I have been led to believe that the right kind of influence of a wholesome and sympathetic adult applied during the formative period of childhood, would save from a life of dependency, delinquency or crime almost any child which is not gravely deficient in original, mental or physical endowments."

POTATOES TO BE HIGH IN SPRING

Reports from various sources indicate that price of potatoes will go soaring by next spring. In Maine, New York, Michigan and Wisconsin reports show that the yield of marketable potatoes has been greatly reduced and the short supply, it is agreed, is bound to send that crop to a higher price level than in a number of years. C. W. Ward, potato expert of the Michigan Agricultural college, has announced it as his belief that the crop will go at least \$1 a bushel in lower peninsula markets by next spring. An Escanaba potato expert, who has traveled throughout the district and has given particular attention to the potato crop, said: "Potatoes were damaged 20 per cent by early frosts and the wet rot, caused by late blight, has caused another loss of 20 per cent, so that this section's production will not be over one-half the normal of the crop. Farmers having mature potatoes, free from blight rot, would do well to hold them, at least until the later part of October or until next spring if they have conveniences for properly storing them. Potatoes affected by blight rot should not be sold as they will not keep."

MISS KELLEY DEAD

Miss Alice Kelley, who for over seven years was a resident of Rhinelander while acting in the capacity of housekeeper for the late Dr. S. L. Leinfelder of St. Mary's church, died Sunday at the home of relatives in Tacoma, Wash., where she had been residing since leaving this city last winter.

News of Miss Kelley's death was received here by Mrs. John Didier and was the source of deepest sorrow to her relatives and friends. For the last year she had been in declining health, her affliction being tuberculosis. She was thirty-five years of age.

The Great Lester has returned from a tour through the state, appearing in many of the leading cities. He will spend a short time here before going onto one of the big vaudeville circuits for the winter.

COMPLETE ARRANGEMENTS FOR BIG POTATO EXHIBIT

Arrangements are all made now for the Oneida County Potato Show to be held at the Armory Wednesday, October 27th. This is going to be a great show and many outsiders are coming here to see it. It is up to the citizens to have an exhibit of potatoes and a turn out of Oneida county people that will make these visitors feel paid for their coming. It will be another step too towards firmly establishing Oneida county's reputation as the chief potato county of the state. Every farmer, business man and citizen of the county that can leave his work for a day should be here. It is your show and its success means a great deal to you. Farmers should be especially interested in this show. Men of wide potato experience will be here to give talks, any one of which will be more than worth while to hear. New things are being learned about potato growing every year and to keep up with the times a farmer must know these. He must learn the new diseases and the methods of their control, he must learn the new systems of grading and marketing, he must

learn the type of potato to pick for seed and he must learn how to select and prepare an exhibit so as to let other people know the quality of his produce and thus create a bigger demand and better price for it. Oneida county has the climate and soil to produce a potato of highest quality and what growers want to do is to grow that potato and then let others know about it.

Another good feature of the show is that it gives the farmer and business man an opportunity to meet each other, talk over things together and thereby understand each other better. The welfare of one is so dependent upon the prosperity of the other that each should know the other well and both work towards making Oneida county realize all its possibilities.

Now everybody come to the show, bring your exhibits of potatoes if you have them, talk to others and then hear what others have to say to you. You will think a lot more of Oneida county afterward and so will the visitors. It is our show and let us give everybody something to talk about.

GET TOGETHER MEETING HERE NEXT WEDNESDAY

(Contributed by E. O. Barstow, Secretary, Advancement Association)

It isn't enough to know that we have a good city—a mere knowledge of the fact doesn't help you and it will not help Rhinelander. Everyone knows that railroad crossings are dangerous, but because of that fact do railroads take down their STOP, LOOK, LISTEN signs?

We know that, as cities are averaged, Rhinelander commercially is far in advance of any cities that may be called competitors, but a mere realization on our part conveys nothing to the outside world.

What we need is that the world should read our STOP, LOOK, LISTEN signs. We should impress on the minds of men, not danger, but OPPORTUNITY. Rhinelander is the best business town in northern Wisconsin.

BIRTH OF A NATION

"The Birth Of A Nation," Griffith's famous masterpiece, generally conceded to be the greatest motion picture play ever presented, will be the offering extraordinary on the opening night of the new Majestic theater, according to the announcement of H. C. Zander.

"The cost of leasing this picture will be so heavy that I know it will prove a losing proposition for me," said Mr. Zander, "but I am willing to drop a little money in order to give my patrons the grandest spectacle ever produced in the history of filmdom. It would be impossible for me to secure anything better for opening my new house as nothing better in the line of picture productions is on the market."

"The Birth Of A Nation" has never been shown in small cities and in fact there are very few large cities where the picture has been seen. It recently closed a long engagement at the LaSalle theater, Chicago and has been rebought for another period of two months.

Ed. Wall returned Saturday from Wausau where he visited his brothers, John and Perry Wall.

There are opportunities here for manufacturing, marketing, farming and professions, which are yet undeveloped. The Advancement Association is pushing and developing these opportunities. Its work is insuring Rhinelander a steady, substantial growth. On the evening of October 27th, at the Big County Potato Show, there are going to be a number of good speakers and the evening is going to be full of good things for you and you should not miss it. It is time we were getting acquainted with each other, and with our neighbors from the country, and business men from the other cities in the county.

There should be no stone wall around Rhinelander. It begins to look as if every farmer in the county was coming. It is a big get-together meeting.

RHINELANDER HAS A NEW FACTORY

Although very few people are aware of the fact Rhinelander has a new manufacturing institution. Through the efforts of E. O. Barstow, secretary of the Advancement Association, Emil Lehman has been induced to come to this city and establish a factory for the manufacture of folding cots, couch hammocks, out-door sleeping cots, box bed springs and doll beds.

Mr. Lehman has located his plant in the Babst building opposite Axel Lindgren's tailoring house on Stevens street. He will begin operations on a small scale and gradually increase his business as the demand for his outfit grows. Machinery will be placed in the building at once. He expects to give employment to several girls later in the season.

Mr. Lehman is a manufacturer of long experience and was formerly engaged in that pursuit in Hammond. The business and industrial interests of Rhinelander extend to him a cordial welcome.

POTATO MEN BUSY WITH STATE SHOW

Program For Marinette Convention To Soon Be Ready
For Distribution

A recent meeting of the executive committee of the State Potato Growers Association was held at Marinette to complete further plans for the coming State Convention at Marinette, Nov. 17-19.

Potato men throughout Wisconsin are now busy working on exhibits. Over a large territory the blight situation is not so serious as was earlier indicated. There is no doubt now but that "Wisconsin Potatoes of Higher Quality" than ever before shown will be seen at Marinette.

Wisconsin potatoes shown just as they grow will be a feature of the exhibit. The State Inspection Service is collecting fifty hill samples from inspected fields. This exhibit will be one of the most instructive shown at the convention.

All commercial interests affiliated with potato growing in the northwest are sending assurances of attendance at the convention. The program will be announced soon. Address the Secretary, Madison, Wisconsin.

FORMER PASTOR PRAISES MOVIES

Rev. Paul MacKinney, former pastor of the Baptist church in Rhinelander, spoke to his congregation at the Bay View Baptist church Sunday night as follows:

"I thank God that I live in an age where one is given the opportunity to grasp, by masterpieces of the moving pictures, such things as 'The Eternal City' and 'The Birth of a Nation'. I do not think that picture shows can be classed exactly with the cabaret, and while there are many things in the movies that the screens could well do without, for it is not necessary to show up all the ghastly and seamy side of life only to leave unfit impressions on the minds of the young, there are many things in the movies that are a real benefit to the public."

"Nothing," he continued, "could be of greater educational value than the current events; and to be shown the workings of the submarine, aeroplane and other wonderful things is certainly something to be thankful for. How many people have it within their grasp to see and understand things that without the moving pictures would always be but a vague and indistinct outline."

NORTHWESTERN TO TAKE OFF SCOOT

From a reliable source it is learned that the Northwestern line is about to take off the Watersmeet scoot as far as Rhinelander is concerned, and the train will go back on its old schedule between Watersmeet and Menomonie. It is stated the train will make its farewell trip here Saturday. Lack of patronage is believed to be the reason for the change, although no explanation has been received at the local Northwestern offices. About two weeks ago the train commenced carrying mail and this service has been much appreciated by Rhinelander business men.

Monico people, it is said, are delighted with the announcement that the scoot is to tie-up there again. The loss in a business way to that village, since the schedule was extended to this city, has been no small amount.

POTATO MEN BUSY WITH STATE SHOW

Star Route To Robbins Has
Also Been Lengthened
Over Two Miles

To save time and to increase the efficiency of postoffice, an adding machine, two sets of scales and a pen-cil sharpener have been installed. The collection boxes about the city have recently been given a much needed coat of paint and in the near future a band of green paint will be put on every post to which a box is attached. One extra receiving window has been built at the postoffice and during the past week the rear of the office was re-arranged giving more space to the carriers, and also providing more room to accommodate the continuous increase of parcel post business. A comparison of the mail business of the last quarter with that of the same quarter of 1914 has shown an increase of one-quarter while the parcel post has increased fully one-third.

The Star Route to Robbins has recently been lengthened two and one-half miles to accommodate the Polish settlement west of Robbins. Newspaper reports from Washington state that the request of Postmaster Stapleton for another R. F. D. has been allowed, to commence Dec. 1, 1915.

With the steady and enormous increase in the parcel post, and the addition of another rural delivery the cry for a federal building will again be heard and no doubt some action will be taken soon, for the Rhinelander appropriation was made the same date of the Beaver Dam appropriation, namely March 11th, 1913, and condemnation proceedings have been started there, and it would seem a good indication that Rhinelander may also be favored with such a needed accommodation.

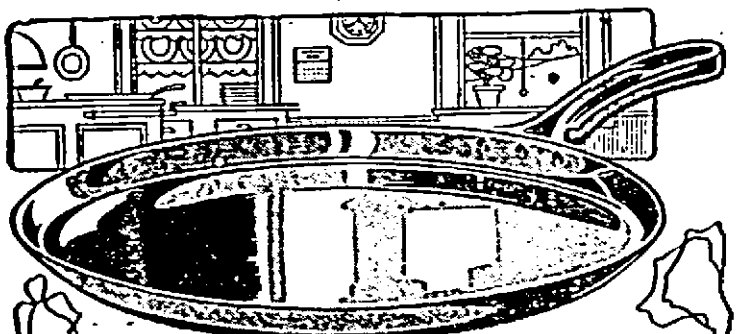

A new insurance rate has just been established, namely, 3c for packages valued from \$1 to \$5. Local rates, including parcel post sent on the R. F. D. and Star Routes, are as follows: 3 pounds 7c, 7-8c, 10-10c, 15-12c, 25-17c, and 50-30c.

PERKINS AGAIN TO MEET HOE

Fred Fulton and Arthur Pelkey will scrap out an old difficulty over ten rounds as the headline on Match maker Sam Howard's card at his Oshkosh club on Oct. 28. Teddy Hayes will be pitted against "Young" White for six rounds, Billy Perkins will face Frank Hoe in a bout of similar length, and Peck McMann and Jack Carney will have a set-to of equal duration, after a four-round preliminary. The two heavies took part in seven knockdowns in a recent ten-round fight, Fulton, being eager to clean his slate by whipping Ari as an argument to clinch a match against Jess Willard in New Orleans at Mardi Gras time.

FAREWELL DANCE
A farewell dance was given at Camp Mitchell Saturday evening by Mr. and Mrs. Brillhart. They were assisted by Mr. and Mrs. John Gooden and Mr. and Mrs. Alex Michie. Music for the dance was furnished by Theo. Thorsen. Alex Michie played several selections on the bag pipes. A fine supper was served and everybody had a good time. It is greatly regretted that Mr. and Mrs. Brillhart are leaving this community.

CONGREGATIONAL CHURCH
Bible school 10 o'clock a. m. Rick's orchestra will play. Morning worship 11 a. m. Theme: "The Mission of the Church." Young peoples' service 6:45 p. m. led by the president, Bessie Reno. Evening worship 7:30. Subject: How to become a Christian.

This Karo Premium Griddle

LABELS from 50c worth of Karo (blue or red) and 85c brings you fine 10 1/2 inch aluminum griddle by parcels post prepaid. This Karo griddle, light and easy to handle, bright as a new dollar and needs no greasing, therefore no smoke. Heats uniformly all over, is very economical, will not rust, is easy to keep clean—and MAKES THE FINEST GRIDDLE CAKES YOUR MEN FOLKS EVER TASTED.

This griddle retails regularly at \$2.25. Send your order for the Karo Aluminum Griddle today. This offer will prove popular. Place your order promptly.

The Men of America Know Pancakes and They Know KARO

At great expense we are seeking to place a Karo Aluminum Griddle in the homes of all Karo users, so that Karo—the famous spread for griddle cakes and waffles—may be served on the most deliciously baked cakes that can be made.

Our Corn Products Cook Book and Preserving Book—illustrated in full colors—prepared by America's foremost culinary authorities will be sent free with each griddle, or without the griddle on request.

Corn Products Refining Company
New York, N. Y.

EVENTS OF WEEK IN NEARBY TOWNS

Grand Rapids—

Mrs. Joseph Raymond, who resides on a farm near this city, was badly injured by being ripped in the abdomen by the horn of a cow. The woman was caring for the cattle at the time of the accident. She suffered intense pain and loss of blood until the following day at noon when she fell exhausted. It required 12 stitches to close the wound.

Ironwood—

George H. Abeel, superintendent of the Montreal River Iron Mining Company for over twenty five years, at Hurley and Ironwood, dropped dead at the home of his father in New York City, where he was visiting. Mr. Abeel was in charge of the Oglebay, Norton & Company's iron mining interests on the Gogebic and Mesaba ranges for over a quarter of a century, until a few years ago. Since his retirement from the mining field he has been at the head of the newly organized Gogebic National bank in Ironwood.

Bert Augusta, the former Iron River boy, who is serving with the Canadian contingent in the European war, wrote a letter to a friend in this city and enclosed two copies of "The Listening Post," the only newspaper as far as known, that is printed right at the front. Under the heading it prominently appears that the paper is "printed by kind permission of Lt. Col. V. W. Odum, Officer commanding 7th Canadian Infantry Battalion—1st British Columbia Regt." Very little space is devoted to editorials, but incidents of trench warfare and camp life are treated at length both in prose and poetry, and humor and wit runs through nearly every article.

Cash in Cleanliness

Recently while in Indianapolis at a public health meeting I was asked by Dr. Hurty of the State Board of Health to visit a model grocery. Dr. Hurty showed me about with as much pride as though he owned the place or as though he were showing me a municipal library, a model school, or the beautiful Indianapolis soldiers monument. And his pride was amply justified.

The owners of this state are remarkably shrewd business men, who when they went into the grocery business, determined to put one over on advertising agencies and their competitors and equipped a store which is its own best advertisement. They realized that nothing about a grocery is so seductive and stimulating to patronage as cleanliness. And they capitalized cleanliness to the limit.

Every article in the store which didn't carry its own unattractive rind, skin, glass, or tin cover, was under plate glass. The patron thus had assurance that dust, flies, and the clothing and soiled hands of other customers were not coming into contact with food that he intended to put unwashed and uncooked into his own mouth.

The show cases were all lifted from the floor on legs to enable cleaning women to get their brushes or cleaning tools under them. Such furnishings discourage clerks or patrons from throwing refuse into places it should not be thrown. The clerks, furthermore, were in white suits and their hands and fingers nails were scrupulously clean.

And what a throng of patrons there was! There could be no question but that the owners of the store were making handsome dividends on their investment in cleanliness, nor that the patrons felt that they were getting something in that store that they could get nowhere else. This, in spite of the fact that the bread, candy, cakes, sausages and meats were probably of no better quality than are obtainable in most other shops.

Near my own home I have recently seen cleanliness, plate glass, and white tile pack one store while a rather more agreeable and likeable but less tidy shopkeeper was put out of business with his shelves full of quite as good or better eatables.

We are living in a great health age. The public demands or is ready to support cleanliness and is willing to pay a slight premium for it, if necessary. But it isn't necessary. Orderliness eliminates waste. Waste in one form or another is responsible for a large proportion of the cost of living. Patrons can afford to patronize and dealers in food stuffs can afford to run sanitary shops. Indeed the question really is, can they afford not to.

A WAY OUT

A Resident of Rhinelander Shows the Way

There's one effective way to relieve kidney backache. Liniment and plaster may relieve it.

But they seldom reach the cause. Backache is caused to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys. Rhinelander people back them up.

Read a case of it. Mrs. J. Standinger, 727 Arbutus St., Rhinelander, says: "I was bothered by retention of the kidney secretions and once I had to call in a physician. Finally I had the good fortune to learn of Doan's Kidney Pills and they soon gave me relief. After I took a couple of boxes, my kidneys became normal and I had no further need of a kidney medicine until two years ago. Then trouble with my kidneys set in again and they acted too often. I again took Doan's Kidney Pills and they gave me quick relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Standinger had. Foster-McBurn Co., Props., Buffalo, N. Y.

"OLD ROMAN" ON OUTING
Charles Comiskey, the whole soul owner of the Chicago White Sox, and a party of nearly forty friends including many notables of the baseball world, are on their annual outing at the "Old Roman's" beautiful lodge, Camp Jerome, near Mercer.

Each year under the close of the baseball season, Comiskey and his friends take this jaunt into the northern woods where they spend several weeks fishing and hunting.

JOINS BIG CHOIR

Donald McRae of Rhinelander, has been chosen a member of the big Methodist choir at Appleton, where he is now a student in Lawrence college. This choir is under the personal supervision of Dean Frederick Vance Evans, one of the biggest musical directors in Wisconsin, and Mr. McRae is considered especially fortunate in being privileged to work under Mr. Evans. The choir contains 7 voices.

AGED TAX COLLECTOR

Restored To Health By Vinol

Corinth, Miss.—"I am a city tax collector and seventy-four years of age. I was in a weak, run-down condition. My druggist told me about Vinol. I tried it and in a week noticed considerable improvement; I continued its use and now I have gained twenty pounds in weight, and feel much stronger. I consider Vinol a fine tonic to create strength for old people."—J. A. PRICE.

We guarantee Vinol, our delicious cod liver and iron tonic, for all run-down, weak and debilitated conditions.

C. W. BRELLE WEDS MISS VAN PLEW

Announcement is made from Area, Ill., of the marriage of Miss Daisy M. Van Plew to Mr. Charles W. Brelle of Rhinelander, Thursday, October 14.

The wedding was held at the home of the bride's parents, Mr. and Mrs. Henry Van Plew, Area, Ill., and was attended only by members of the immediate family and relatives of the bride, the Rev. Wangelin officiating.

The decorations presented a pleasing effect in a pink and white color scheme, with a background of autumn foliage.

The bride wore a handsome gown of white swiss embroidery, trimmed with lace.

The ceremony took place at noon, after which dinner was served, when the bride and groom departed on a tour of visiting through Illinois and southern Wisconsin.

Mr. and Mrs. Brelle will make their home in Rhinelander, where both are well known.

FOR A MUDDY COMPLEXION
Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take outdoor exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere.

FOR SALE—Good sound draft horses. Enquire of Dr. Wendall Smith.

07-23

Order For Adjustment of Claims and Notice to Creditors
State of Wisconsin, County Court for Oneida County:

In the matter of the estate of Emiel Kloes, Deceased.

Letters of administration on the estate of Emiel Kloes late of the Town of Three Lakes, in said county of Oneida, deceased, having been duly granted to G. A. Kloes by this court;

It is Ordered, That the time from the date hereof until and including the first Tuesday of February, A. D. 1916, be and the same is hereby fixed as the time within which all creditors of the said Emiel Kloes deceased, shall present their claims for examination and allowance.

It is Further Ordered, That all the claims for necessary funeral expenses, for the expenses of the last sickness of the decedent and for debts having a preference under the Laws of the United States which are presented within sixty days hereafter be examined and adjusted by said Court, at its Court Rooms in the Court House in Rhinelander, in said County, at the regular Term thereof appointed to be held on the first Tuesday of February, 1915, and all such creditors are hereby notified thereof.

It is Further Ordered, That all other claims and demands of all persons against the said Emiel Kloes deceased, be examined and adjusted before this Court, at its Court Rooms in the Court House in Rhinelander in said County, at the regular term thereof appointed to be held on the first Tuesday of February, 1916, and all creditors are hereby notified thereof.

It is Further Ordered, That notice of the times and places at which said claims and demands will be examined and adjusted as aforesaid, and of the time above limited for said creditors to present their claims and demands be given by publishing a copy of this order and notice, for four successive weeks, once in each week, in The New North, a weekly newspaper published in the County of Oneida, the first publication to be within fifteen days from the date hereof.

Dated this 21st day of September, 1915.
By the Court,
H. F. STEELE, County Judge.
S23-021

Circuit Court, Oneida County, Wisconsin.

Lelon A. Doolittle, Plaintiff,
vs.
Charles Mattison, J. C. White, Amy T. White, E. P. Elliott, George London, C. M. White and John J. Barth, Defendants.

The State of Wisconsin, to the said defendants:

Mrs. Charles Phillips returned to her home in Kaukauna Tuesday after a week's visit with Mr. and Mrs. Joseph Kuehn.

Joseph Kuehn returned Saturday from a visit with Kaukauna relatives.

Dr. C. A. Richards made a professional trip to Menomonie Tuesday.

Rolley Hagan of Woodruff greeted friends here Tuesday.

Miss Katherine McRae is home from a trip to Minneapolis.

WOMAN ALL RUN DOWN

Made Strong and Well By Vinol

Waynesboro, Pa.—"I was all run down after a hard spell of bronchitis so it was hard for me to keep about. I had pains in my chest and took cold easily. A friend asked me to try Vinol. I did and it built me up so I am strong and well and I am able to do my housework which I had not done for three months before taking Vinol."—Mrs. Y. R. Honnough, Waynesboro, Pa.

Vinol creates an appetite, aids digestion, makes pure blood and creates strength. Your money back if it fails.

WISCONSIN GREAT POTATO PRODUCER

That Wisconsin is annually marketing in the neighborhood of 25,000,000 bushels of potatoes, or 20 per cent of the entire output entering interstate trade, is the information given out in a bulletin issued by the university college. While this output is sent to nearly every state in the Union, the majority part of it is consumed in the middle west and Mississippi valley.

Another point brought out by the bulletin is that the warehouses in the state have capacity to accommodate but one-third of the yearly crop. Most of the storing is done by the farmers themselves, it being more economical for the farmers to store at home and haul to the shipping point at their convenience.

Chicago is the greatest potato market, according to the bulletin, and insists upon the potatoes being shipped in bulk so that they can be graded before sacking for the city trade.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times longer than ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is trial. Use it on your cook stove, your heater stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in U.S.A. or paste—one quality.

Black Silk Stove Polish Works

Sterling, Illinois

The Black Silk Stove Polish from Kamelon on trial, makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times longer than ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

"A Shine in Every Drop"

Simply This.

"Come in and have it charged," was the inviting sign in front of a place of business in a certain town. A stranger, being somewhat low in funds, walked in briskly. "I understand that I can get things charged here," he said, addressing one of the employees. "Only storage batteries," replied the other man.

Press Committee: Mrs. Howe, Mrs. E. K. Kiek, Mrs. Emma Wilde, Mrs. C. P. Crosby.

Sunday Closing of Saloons

Since the example was set by Chicago, Sunday closing of saloons seems to have spread like a tidal wave over Illinois, and Wisconsin. Both states have strong state laws on the subject and many towns like Rhineland also have city ordinances calling for the removal of screens and closing of all saloons on Sundays. The question is why have these ordinances and laws been so generally disregarded? Most people would say it is a matter of public sentiment. Any way there is the class that wants to drink on Sunday and the class who doesn't, and if liquor has never touched them in any way they are naturally indifferent; but there is still the class that doesn't drink, but is touched by the business. On calling at one home a few weeks ago, the home of one of our staunch W. C. T. U. workers—we found the distracted wife and mother spending the afternoon trying to keep the male members of her family from going down to the saloons. It did seem as if she might have been given one day's respite. On another occasion the writer spent part of a Sunday afternoon in a poor country home about twelve miles from Rhineland. She finally explained that they had moved from a large city hoping to keep her husband away from the temptation of the saloon, and that now that they sent their children to school in Rhineland he often drove them in on Sunday and she never knew when he would get home at night. Automobiles afterwards told of finding his team loose on the road and the man lying out in the brush beside the road. These instances and others have brought the members of the W. C. T. U. to the conclusion that it might be a relief to many to have the saloons close even one day a week—so for that reasons petitions are being circulated asking the mayor to see that our city ordinance requiring the removal of screens and the closing of the saloons on Sundays be enforced.

Recently a petition was circulated in Shawano and although a very small canvass was made the law was immediately enforced. There is no doubt a very strong sentiment here not only on Sunday closing but on the complete elimination of the saloons. Still if this petition is ignored plans are made, which even though they may be unpleasant, will without doubt be successful.

Don't Keep It Up.

Although it be a fact that to err is human that should not serve as an excuse for a continuous performance of mistakes.

CHICAGO GREAT POTATO CENTER

Wisconsin, Minnesota, Maine and Michigan are the four greatest potato producing states. Wisconsin alone markets outside of the state from 20,000,000 to 25,000,000 bushels per year, or about 20 per cent of the potatoes entering interstate trade.

These facts are contained in a statement prepared by H. C. Taylor of the university and issued as a bulletin by the experiment station. The statement shows that Wisconsin potatoes, grown largely in the counties of Portage, Waupaca, Waushara, Sauk, Marquette, Juneau and Adams, go to points scattered from western Pennsylvania to Missouri and from Illinois to Mississippi, but the largest purchaser is Chicago.

This investigation showed that the dealers' warehouses in the potato belt would not hold more than one-third of the crop. It is more economical for the farmer to store his potatoes at home and bring them to the market when convenient.

Predictions are made that the farmers will receive higher prices if the potatoes are graded. Electric graders have been installed at many of the shipping points and the influence on the price offered when the cars are opened on the Chicago market is already apparent.

In the United States about 400,000,000 bushels of potatoes are annually produced. The total production for Wisconsin is estimated at about 33,000,000. Of the total potato crop entering interstate commerce, Maine produces 25 per cent; Michigan 21 per cent; Wisconsin 20 per cent; Minnesota 16 per cent, and Colorado 8 per cent.

The bulletin suggests that the government has an important function to perform in studying the problems of marketing, educating the producer and the consumer.

FALL TRADE

PRICE IS RIGHT

J. J. Reardon

MAIL ORDER DRUGGIST

RHINELANDER, WIS.

Airtight Rubber Cork.

A stopper for bottles that is especially valuable for travelers consists of a solid rubber cork that goes down into the neck of the bottle, and a circular collar of soft rubber rising from the top of the cork. When the cork is driven home this collar is turned down over and outside the neck, which it makes water-tight and airtight. The solid cork and the flexible collar are all in one piece.

Steel vs. Iron.

For some purpose iron is to be preferred to steel and vice versa. To easily distinguish one from the other, make a bright spot on the metal with a file or sand paper and apply a single drop of nitric acid. Allow it to remain for one or two minutes and wash or wipe off. If the spot has a pale ashy appearance it is wrought iron; if it is a brownish black, it is steel; if a deep black, it is cast iron.

Is on the island of Curacao.

Richest phosphate mine.

FOR SALE

Double dwelling on Park street, two story, twelve rooms, well located and in good condition. Owner lives in the West and cannot look after it. Will sell for \$1700.00. This will net at least 10% on the investment. A good buy.

40 acres 1/4 mile south of town; all cleared and fenced; no buildings; as good soil as can be found in the county. There is very little good land close to town that is on the market. This is an opportunity that should not be overlooked.

Acre lots adjoining city limits at \$200.00, easy terms.

Mr. J. W. Hicks, Pres. of the State Potato Growers Convention.

Mr. A. L. Stone of Madison and other speakers will address you. Come with the intention of having a good time.

OBJECT TO FREE CHURCH LIGHTS

Minocqua People File Complaint On Village Utility Supplying Current Gratis

Minocqua, Wis., Oct. 15.—Minocqua's municipal electric light plant has developed a novel addition to the list of vagaries and abuses practiced when such utilities are under political management.

It is charged, in a formal complaint to the Wisconsin railroad commission, that the Minocqua light plant has bridged the gap between church and state by supplying the churches and parsonages with light current free of cost. Free, that is, to the churches and parsonages. Taxpayers foot the bills, whether members of the congregation or not.

Among the other items in the complaint—filed by taxpayers praying for relief from the railroad commission—are these:

"Flat rates are allowed to favored customers contrary to schedule.

"Meters not installed in some buildings using current; other meters out of order; meters read by an unbonded employee of the town who also makes collections and keeps no books of account."

"Money collected is paid to the town chairman, who refuses to turn it over to the town treasurer.

"Accounts against consumers not collected regularly; many are months in arrears.

"The town of Minocqua, which owns the plant, is paid nothing for current used by street lamps and schools in the village of Minocqua.

"No system of accounting is in use and frequent transfers of funds are made to the electric light fund from other town funds, so that nobody knows what the light plant has actually cost nor whether it is or is not earning its own way."

FREE LUNCH AT POTATO SHOW

Marinette, Wis., Oct. 19.—Free lunch at the state potato show! Visions of pretzels, sausages and hamburger. But it won't be anything like that. Potatoes will form the chief ingredients of each one of the twenty-five dishes which will be tastily arrayed at the "free lunch counter" and the piece de resistance will be potato flour cake.

The free lunch is a feature of the potato cooking demonstration which is a new departure at the fourth annual show and convention of the Wisconsin Potato Growers' Association, which will be held at Marinette, Nov. 17-19. The domestic science department of the Marinette County Agricultural school and the Women's Club of Marinette will cooperate with Mrs. Nellie Kedzie Jones in this part of the show. Placing dishes made from potato flour, for sampling by the public, will be one of the means by which the importance of making use of small potatoes and others not available for the regular market from Wisconsin's crop, will be emphasized.

NEW SETTLERS

William Maul and four other men whose names we have not learned, have bought several pieces of land just east of Harshaw, near Dahl's place and they are underbrushing and getting ready to build there. It is said that they are expecting shipments of lumber to arrive very soon and will at once put up their buildings.

There is a very nice stretch of land along there, and three new houses will add a good deal to that community.

Martin L. Olson of Independence, Wis., is expected up soon, to do some clearing on his land in that same vicinity.

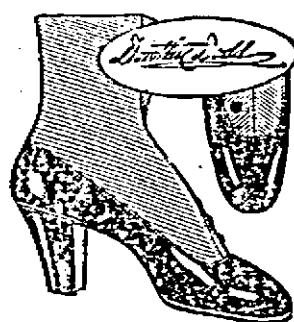

A new turnpike road is laid out to connect these farms with the main Cassian highway.

A VIEW OF CLOVER IN JUNE, TOWN OF PINE LAKE

Dorothy Dodd Shoes

Are the Most Satisfactory for Every Purpose
Style, Fit, Comfort, Service, Price

Explained.

"Yes, he's one of our leading citizens. He certainly has climbed high in a few years. Why, he holds our best federal job!" "Indeed! How did he get it?" "His brother-in-law is our leading politician."—Cleveland Plain Dealer.

The Meanest Man Once More.

I have at last discovered the very meanest man. He is the fellow who somehow manages to get you to tell everything about yourself, and then shuts up like a clam and manages to make you feel you have been a garrulous fool.—Judge.

Took Long to Develop Pens.

In the United States the first attempt to manufacture a gold pen was in 1835 by a watchmaker of Detroit. In 1860 an attempt was made in the United States to manufacture a fountain pen, but it was not until 1879 that they were constructed successfully.
